

SOURAV KUMAR

Flutter Developer — Product Manager — AI-Powered Solutions Specialist

☎ +91-7903638966 ✉ codingtutorialsjamshedpur@gmail.com 📁 [Portfolio](#) 🌐 [GitHub](#)

PROFESSIONAL SUMMARY

Innovative Product Manager and AI-Automation Specialist with hands-on experience in building production-grade mobile applications and managing tech operations. Proven track record in product lifecycle management, team leadership, and implementing AI-powered solutions that accelerate business processes by 40%. Successfully delivered three major projects including offline-first applications, e-commerce platforms, and automation workflows. Expertise in client management, vendor relations, and technical solution architecture with strong focus on monetization strategies and user experience optimization.

EDUCATION

Lovely Institute of Technology (LPU)

2017

Bachelor of Technology - Computer Science & Engineering

Jalandhar, Punjab, India

- DigiLocker Verified: [📄 Transcript](#) — [📄 Degree](#)

Kolhan Inter College, J.A.C.

2009

Intermediate (XII) - Science Stream - 61.60%

Jharkhand, India

- DigiLocker Verified: [📄 Certificate](#) — [📄 Marksheet](#)

PROFESSIONAL EXPERIENCE

Manager - Computer Solution IT Store

Jan 2024 – Dec 2024

Operations Manager & Client Relations Lead

Jamshedpur, India

- Managed end-to-end store operations including invoicing, inventory management, and customer service delivery for 200+ monthly clients
- Led team coordination and optimized vendor relations, improving service delivery efficiency by 30%
- Implemented technical support solutions and client communication strategies, achieving 95% customer satisfaction
- Gained expertise in hardware systems, networking solutions, and business process optimization

Tech Faculty & Trainer - Xavier Teacher's Co.

2021 – 2024

Technical Training Specialist & Curriculum Developer

Jamshedpur, India

- Designed and delivered comprehensive training modules for C/C++ programming, hardware, and networking to 500+ students
- Conducted innovative Scratch programming workshops for school children, improving engagement by 80%
- Mentored students in placement preparation and technical interviews, achieving 85% placement success rate
- Developed lab exercises and assessment frameworks for technical skill evaluation

KEY PROJECTS & PRODUCT DEVELOPMENT

CTJ Chat App - AI Voice Assistant [📄](#) | [AI Integration](#), [Advanced Flutter](#), [Production-Grade](#)

2025

- Built a production-oriented Flutter application combining AI-style voice assistant
- Implemented real-time Speech-to-Text (STT) and Text-to-Speech (TTS) with context-aware speaking pace (story vs utility mode)
- Integrated live environment data (temperature, AQI) using Open-Meteo API with GPS-based location detection and permission validation
- Developed contextual sound effect system with centralized sound manager, vibration support, and graceful failure recovery
- Architected with clean separation of services, controllers, and UI following defensive programming principles with fallback mechanisms
- **Download:** [📄 APK](#)

CTJ Digital E-Commerce Website - Full-Stack Platform [📄](#) | [Project Management](#) Jan 2025 – Jul 2025

- Led collaborative development with Vibe Coding team for responsive web platform with admin panel and user interface
- Managed project timeline and implemented AI-enhanced development processes, accelerating delivery by 40%
- Coordinated secure authentication, payment gateway integration, and content management system development
- Established modular architecture standards and secure data access protocols for scalable solution

CORE COMPETENCIES & TECHNICAL SKILLS

Product Management: Product Lifecycle Management, UI/UX Design, Monetization Strategies, User Journey Mapping

AI & Automation: Cursor, Windsurf, Claude Sonnet 4.0, n8n Automation, Prompt Engineering, AI Agents

Business Solutions: Payment Integration (Razorpay, UPI), Firebase Cloud Services, REST API, Security Implementation

Management & Operations: Team Leadership, Client Relations, Vendor Management, Process Optimization

Technical Frameworks: Flutter, React.js, TypeScript, Firebase, Node.js, Database Management

CERTIFICATIONS & ACHIEVEMENTS

- Flutter Development Certification - Simplilearn [↗](#)
- n8n: No Code AI Agent Builder - Simplilearn [↗](#)
- Advanced Prompt Engineering - Be-10x [↗](#)
- Generative AI Explained - NVIDIA [↗](#)
- AMCAT Employability Assessment [↗](#)

AREAS OF EXPERTISE

Product Strategy & Roadmap Development — Business Process Automation — AI-Augmented Workflows — Client Relationship Management — Vendor Coordination — Technical Training & Mentorship — Payment Systems Integration — Security Implementation — Offline-First Architecture — Team Leadership — Project Management — Cross-functional Collaboration
